## Newsletter #4

Twenty-six months after its start, FAVILLE project timeline is approaching its formal end. But for us, the FAVILLE team and all the FAVILLE participants, is just the beginning!

Through these 26 months FAVILLE was present in the activities and life's of more than 250 persons in five different countries.

FAVILLE reached one of its most exciting moments in the first semester of 2021 as the pilots for the FAVILLE course for virtual facilitators and FAVILLE validation framework gathered more than 200 participants from all countries.

The FAVILLE App has attracted huge interest everywhere it was presented driving many questions about virtual facilitation and online learning environments.

During September, October and November 2021 FAVILLE was presented in multiplier events in Slovakia and Portugal and online in Greece Germany and Italy

FAVILLE project partners continued their regular monthly meetings and now are preparing the final stage of the project and guarantying its sustainability and dissemination through 2021 and beyond.

We are grateful to all who made this journey with us and excited with all the things to come!

### FAVILLE multipliers events: Slovakia with ASTRA and ENTRE

Reaching 72 participants the FAVILLE multiplier event was held at the Faculty of Management of Presov University by ASTRA and ENTRE in September 2021.

The main objective of the event was to present and share the success of the project to different stakeholders as well to associated partners and to a breeder community interested in virtual Learning facilitation.

This event allowed also to build and strengthen strategies towards the dissemination and sustainability of FAVILLE after this first period of work..

The Agenda included talks and presentations by ASTRA, ENTRE and Q&A (questions and answers) sessions with participants

### FAVILLE multipliers events: Portugal with UAb

The multiplier event was held in Ansião, a small size village located between Lisbon and Porto at the center of Portugal, in cooperation between UAb and the city Council.

The event took place in Business Center auditorium on October 19 in cooperation with the city Council, Universidade Aberta and LEaD, to guarantee all necessary measures for the participants to be present in safety due to COVID limitations.

This venue allowed the presence of a total of 35 participants from which 22 were not part of any institution partner of the FAVILLE project.

The participants in the event were students, researchers, lecturers, and training professionals and consultants.
